

CO1 - ASSESSMENT TOOL - 2

Concept Mapping

1. Cloud Computing Fundamentals

2.

Evolution of cloud computing

Evolution of cloud computing

Hardware Evolution

Mainframes

Personal Computers

Distributed Systems

Networking

Client - Server

Internet & software evolution

Web 1.0

Web 2.0

Service Delivery

IaaS

PaaS

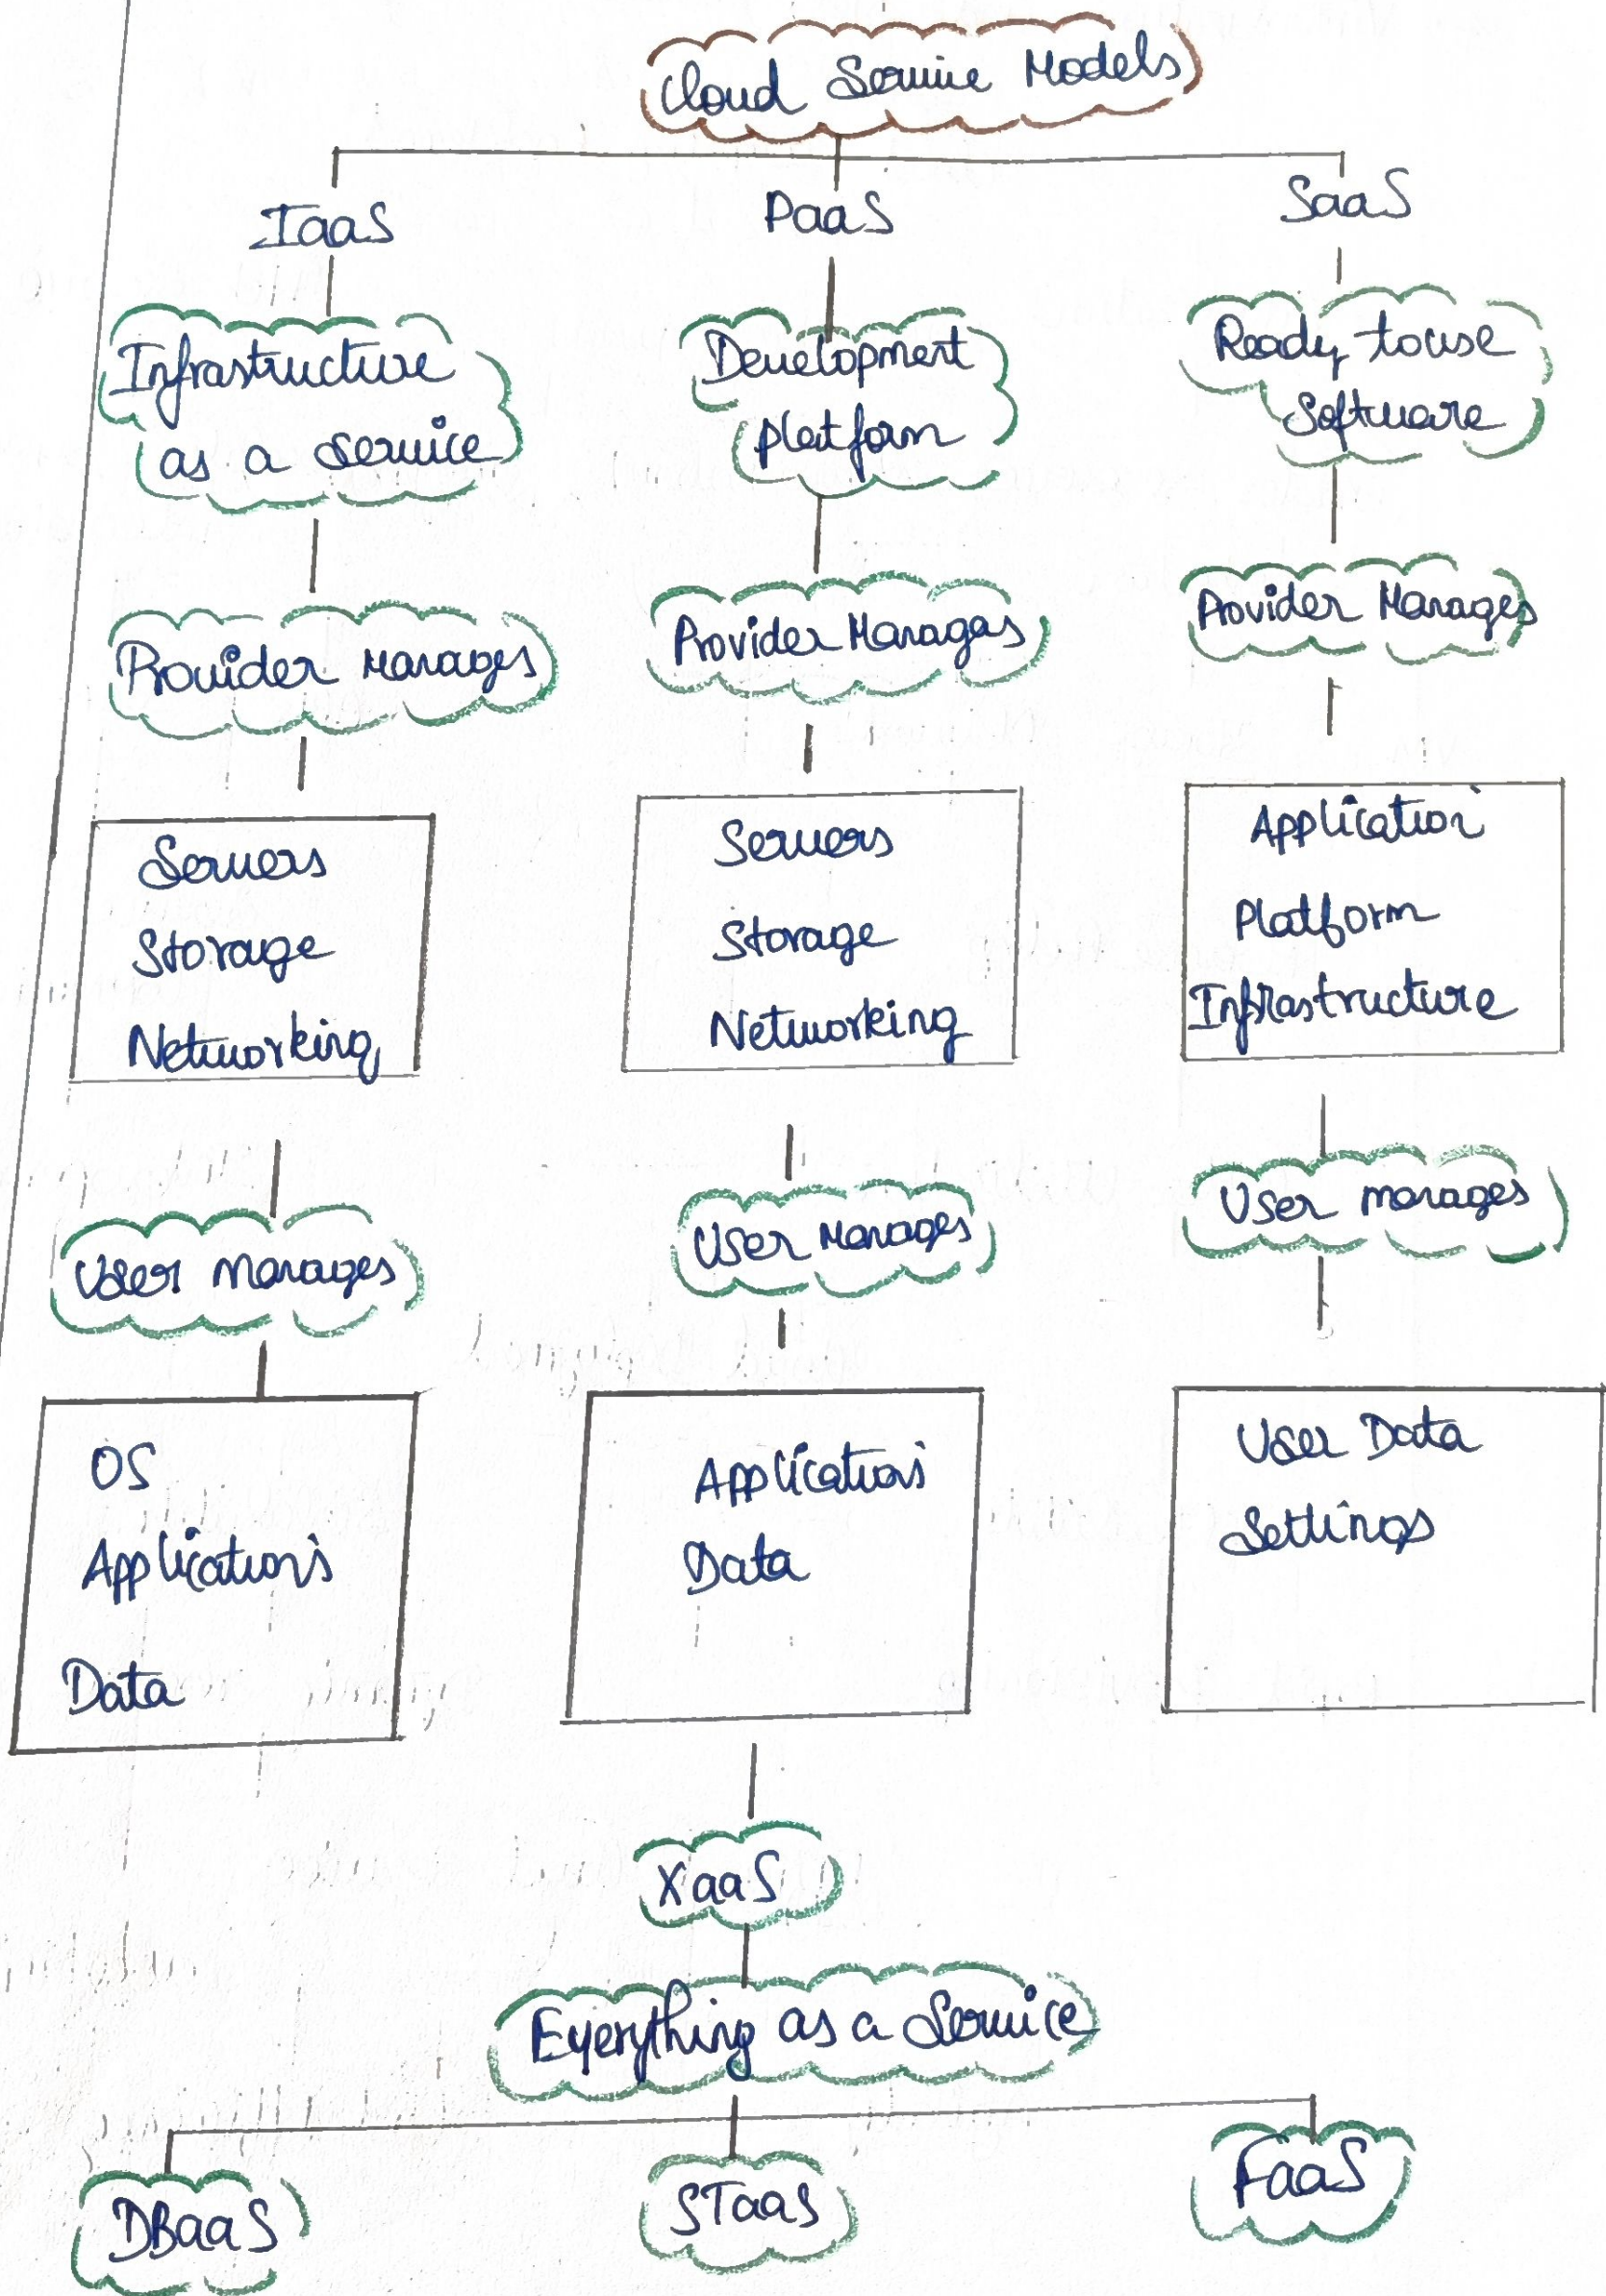

SaaS

Modern Cloud computing

Scalability

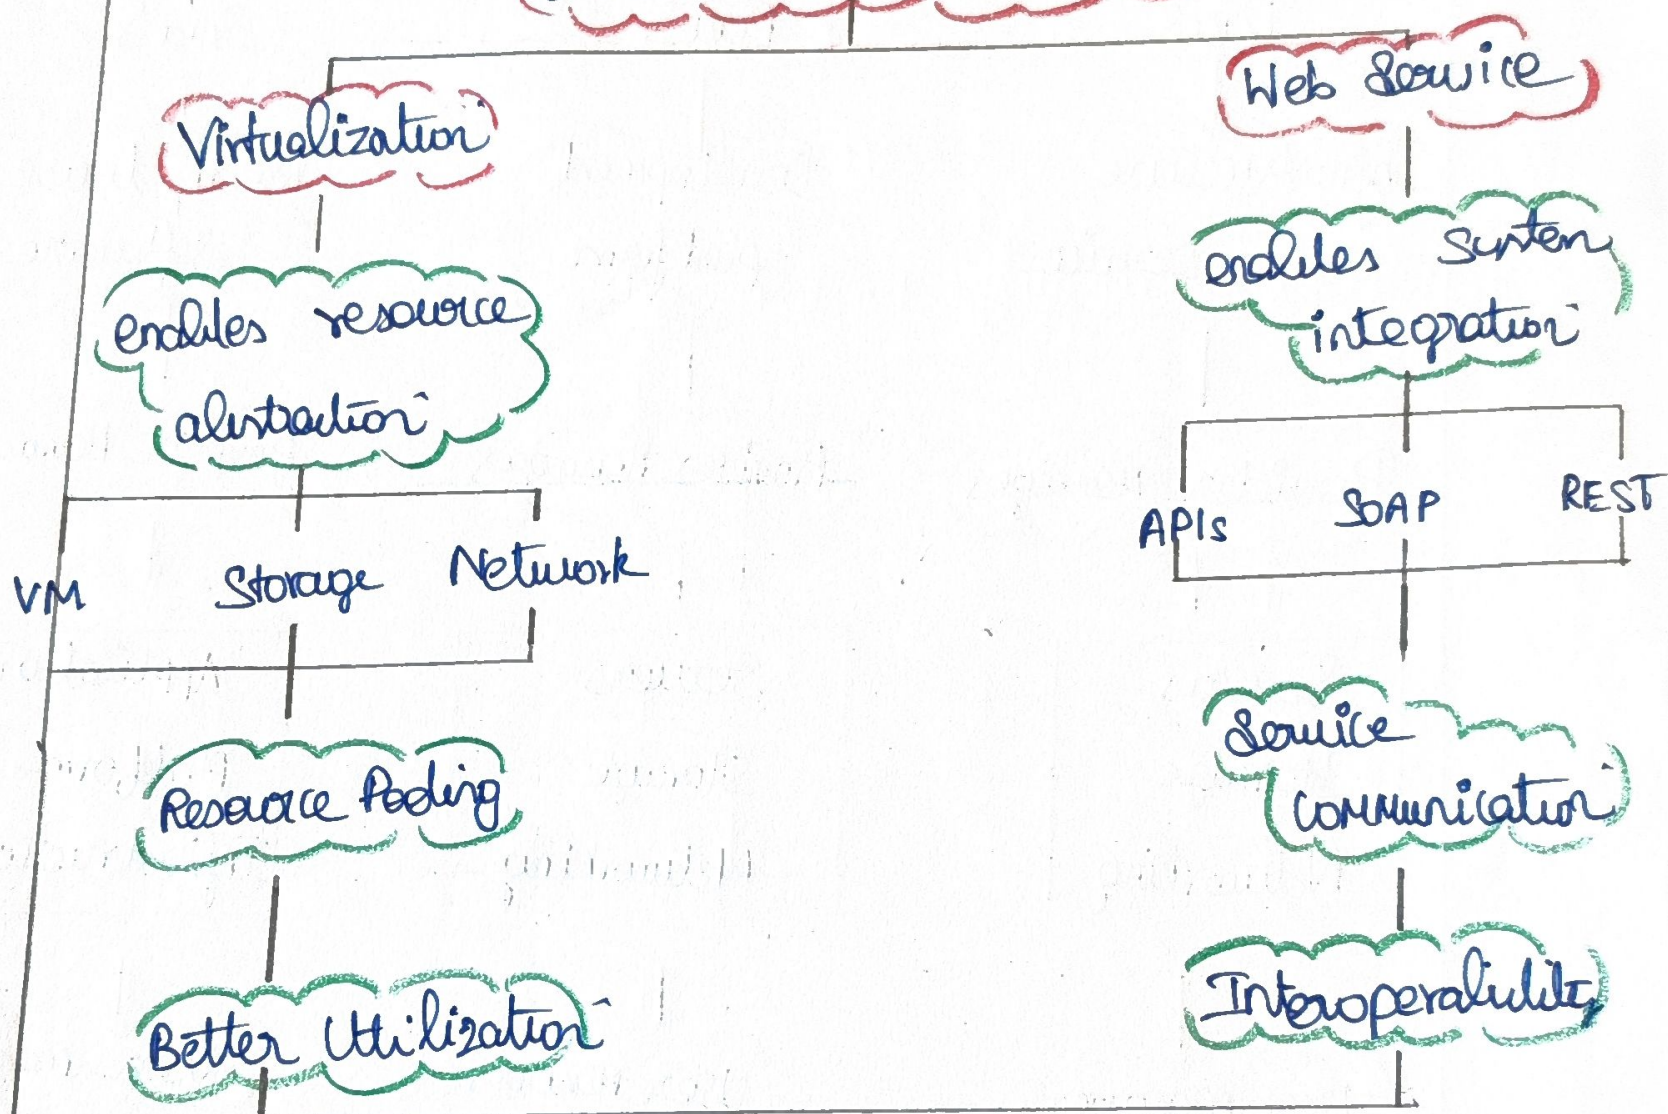

On-demand services

3. cloud Service Models

4. Virtualization and Web Service as Enablers of cloud

Cloud Computing Enablement

cloud Deployment
